IS HIRING!

For over four decades, The Cultch has presented unforgettable theatre, dance and music, bringing world-class local, national and international presentations to thousands of patrons each year. We have a vibrant rental clientele and a unique Youth Program further extending our reach into the community. Located just off Commercial Drive, The Cultch is also a great place to work. Our team members include people like you -
enthusiastic, innovative, passionate, detail-oriented and energetic.

The Cultch operates three theatres: the Historic Stage and Vancity Culture Lab at The Cultch on Venables Street, and the York Theatre on Commercial Drive. Production Electrician will work in all three spaces, with the majority of the time spent at the Historic Stage.

We believe you'll find our high-performance culture personally fulfilling, professionally challenging and artistically rewarding. Join our team and share our vision of a future filled with the best that contemporary art has to offer.

PRODUCTION ELECTRICIAN (part-time contract)

Duties and responsibilities include, but are not limited to:

- Help organize and execute lighting requirements of both presentations and rentals of The Cultch including preparing supplementary gear rental lists, colour and accessories needed for each show or event in advance
- Collaborate with the Technical Director and/or Production Manager prior to events
- Act as crew chief for load ins, load outs and/or restore shifts, ensuring safe working practices are being upheld, and that breaks and schedules remain on track
- Hang, focus, program lights in accordance with each Production's Designer or Director
- Act as Show Head Electrician or Venue Technician on some show runs as required
- Maintain storage areas, lighting gear and common theatre spaces for all 3 venues
- Organize and inventory theatre(s) gear and accessories regularly
- Assist in other Cultch production departments with advice and technical aid when requested
- Comply with BC safe working practice and methodology; instruction of other employees in proper work procedures and the use of safety equipment while working at height, either on ladders, or in personnel lifts
- Ongoing training and upgrading as required

Supervision shall include checking that all work is done in a manner that ensures the safety of the Staff, Performers and Patrons of The Cultch. All of the above duties and responsibilities are to be conducted in a cost effective manner, ensuring that productions stay on schedule and alerting the Production Manager of any cost overruns in a timely manner.

Required Skills and Qualifications:

- A post-secondary diploma in production and/or a minimum 5 years professional experience in technical theatre
- High proficiency in operating of ETC Ion console and 2-4 years programming lighting for theatre as well as live music events
- Thorough understanding and working knowledge of DMX control, including but not limited to LEDs, scrollers, I-Cues, Gobo Rotators, moving fixtures and other effects and accessories
- Experience with IT networks for entertainment, routers, IP addressing, etc.
- Experience reading lighting plots and associated paperwork
- Experience in supervision of technical personnel
- Physically fit in order to do multiple trips up and down stairs, ladders and comfortable working at heights

Other Required Skills:

- The ability to work to schedule and meet deadlines and work well under pressure
- Working knowledge of theatre stage carpentry
- Experience in the safe operation and maintenance of single and double purchase fly systems
- Ability to handle unexpected situations and work in a team environment including willingness to welcome and guide clients and crew through what our theatre has to offer whether they are designers, directors, artists or event organizers.
- Computer skills including experience with Microsoft Word, Excel, PowerPoint & Access; knowledge of Vectorworks is an asset
- Valid BC driver's license
- Level 1 Occupational First Aid certificate is an asset
- Flexible schedule; ability to work evenings, weekends and holidays
- Good communication skills and a love of performing arts

Working conditions and wage will be in accordance with the Collective Agreement between IATSE and the Vancouver East Cultural Centre.

Details: Excellent interpersonal skills are essential for working with a diverse group of renters, producers, directors, artists, other staff and IATSE crew.

Basic technical skill and knowledge are required in all areas outside of lighting including, rigging (certification an asset), audio systems, backline equipment, video equipment, installation of staging systems, and carpentry. Also, experience with shop and stage tool safety, pyrotechnics (and firearms certification) is an asset. Must be prepared to deal calmly and effectively with public emergency situations and audience safety issues.

The Production Electrician will know (or be required to learn) current rules of WCB as well as the current IATSE Local 118 collective bargaining agreement. The Production Electrician will be expected to keep up to date with changes as required by law and the job description. The Production Electrician reports to the Cultch Technical Director and Production Manager.

Hours of Work: This is a seasonal contract position starting at 20 hrs / week commencing this fall with an option to renew. Most work hours will take place on weekends, and in

the late afternoon and evenings of weekdays. Overtime is calculated according to the IATSE Collective agreement and is entered into employee's time bank. Days off are flexible and based on the performance schedule. The bulk of the hours will take place during changeovers and short term rentals, though it is anticipated that there will be some longer runs including the Fringe as well as some shows beginning in Nov/Dec and Feb/March.

This is a Union position governed by the terms and conditions of the Technical Collective Agreement between Vancouver East Cultural Centre and IATSE Local 118.

Remuneration: $22.85 per hour plus benefits less Union dues

Deadline for applications: June 17, 2016

Position start date: Approximately September 1, 2016
